Cefn Mably Farm

Working Together in True Partnership

THE WORKPLACE

Cefn Mably Farm Park is situated in lovely countryside, easily accessible from local Cardiff and Newport. The fully accessible 12 acre site offers a range of experiential learning opportunities within a unique setting amidst an excellent and varied range of animals, including rare breeds.

TRAINING AND ACCREDITATION:

Initial 'taster' sessions are arranged for those who may benefit from a differing learning environment. Students then attend Cefn Mably Farm Park for one or two days per week (occasionally more where appropriate) for a period of two to three years. An individual training plan (ITP) is developed for each student. Qualified staff support all students in receiving a person centred approach:

- Induction
- Appropriate health, safety and hygiene guidance
- Appropriate first aid, fire precautions and safe moving and handling procedures
- Related life skills, independent living and work based vocational training in the following subjects:
 - Animal Husbandry
 - Farm Management
 - Environmental Conservation
 - Tourism and Leisure
 - Hospitality and Catering
 - Woodworking and Light Building Construction
 - Office Management
 - Recycling Activities

THE EDUCATION CENTRE

This is a very large new facility which opened in August 2006. It offers a café, seating area, children's play area, two function rooms to let for parties, events and training and increased space for indoor animal housing. The new centre means that farm activities and training can be practiced all year round. The facility also boasts improved and increased car parking facilities.
